

Year-in-Review

Youth Partnership Council

Recruited Youth Partners from across SK

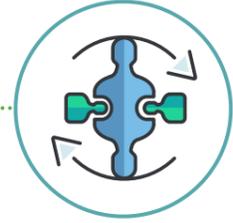

- 11 Youth Partners recruited from different parts of the province with various health care experiences as patients & siblings
- Orientation & on-boarding completed
- Meeting rhythms set

Discussed the Role of Youth Partners

- Explored Patient & Family Centered Care with youth
- Discussed what we're all aiming for with youth council
- Leadership vision for engagement with youth

Set Up Ground Rules

- Created a shared understanding on how we want to exist together
- Developed a Purpose Statement
- Ideas for in-person & virtual meetings
- Set Shared Leadership approaches for co-leading meetings & Land Acknowledgments
- Established Fist to Five voting
- Clarified process for staff who would like to engage with the group

Gathered Youth Perspectives for Health Care Providers

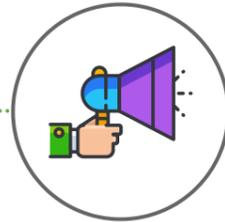

- Complete Stop-Start-Continue exercise with perspectives from youth partners
- Utilize content to start development of a youth-specific huddle talk for staff education

Building Connections

- Sharing stories, snacks and fun things included in every meeting because relationship-building matters

Highlighted Launch in the SHA

- Co-Created blurb for daily rounds including youth quotes
- Worked with Communications to distribute article

Made a Plan for Recruiting More Youth Partners

- Defined growth for our group
- Focused on how to connect with voices we're missing
- Co-Developing recruitment materials

Provided input into various priorities

- Youth perspective on SHA's Provincial Charter of Patient & Family Rights & Responsibilities (linked with Provincial Patient Family Leadership Council)
- Children's Emergency Department (Guest: Jason Trask)
- Pediatric Outpatients Department (Guest: Alicia Tressel)
- JPCH meal service updated menu plan (Guest: Shandelle Stroeder)

Set a goal linked to our purpose statement

- Settled on the idea of developing a youth-focused survey to hear from more people for improvements
- Considered ideas for survey
- Made links with SHA survey supports in Patient Client Experience portfolio to further explore

Year-End Activities

Completed an annual evaluation based on the ground rules we established together

Created a Binder to hold our shared documents & review year to year

Year-End wrap up meeting with invited guests to celebrate together and plan for next year
